

ABOUT ME

Motto

"Nothing more satisfying than to experience success with people around working hard together in good and bad times."

Objectives

To professionally help an organization achieve their goals by sharing my IT and other fields' expertise and at the same time learn more to further those goals.

EUGENE SUBRADO JR

Software Developer

EDUCATION

Silliman University, Dumaguete City

Bachelor of Science in Computer Engineering (2002 – 2007)

WORK EXPERIENCE

Xtensa Inc. (Quartica)

January 2023 – Present (Tech Lead / Senior Software Engineer)
August 2015 – December 2022 (Software Engineer)

I'm responsible for developing quality, responsive, and simplified web pages exclusively requested by clients in pharmaceutical setting. Mostly process automation and site upgrade tasks.

Achievement includes completion of 3 major projects used by more than 10,000 people within the client company. All projects used Kendo UI, jQuery and Bootstrap components in SharePoint platform.

Qualfon Philippines Inc [Customer Retention Team]

October 2014 – July 2015

My primary responsibilities were to cater customers via phone call on their daily telecom needs such as assistance on smart phone functionalities, number portability, purchasing airtime credits.

Silliman University [IT Internal Auditor]

June 2013 – May 2014 (Project Based)

Responsible for aiding Auditor Chief in monitoring physical IT Inventory count, security and scalability.
